### DIES IN CRASH.

Joseph Lee Thompson, 32, former Kelly field student pilot and commercial flier for the past several years, was killed and his body burned in the crash of a Stinson airplane three miles west of Seguin Saturday morning, September 3, 1932.

Thompson, who was employed by E. R. Thomas, local oil man, took off in the latter's plane from Winburn field for Shreveport. Flying alone, he found low clouds in his path near Seguin.

According to accounts of eyewitnesses given V. H. Ramsey, of Hangar 6, Winburn field, who flew to Seguin to make an investigation, Thompson's plane was seen to come out of low clouds and strike the ground hard on its wheels and one wing. It bounced into the air and crashed a quarter of a mile away, where it burst into flames.

Henry Koepsel, who is operator for the Texas Hydro Electric company at the T. P. dam No. 4, saw the crash and hurried to the wreck with a fire extinguisher. The heat prevented him from approaching nearer than 100 feet of the plane.

Thompson is survived by his widow and two small daughters. He was a graduate of Southwestern University and was a student at Kelly Field in 1925.—San Antonio Light.

Joe Lee Thompson came here from Uvalde in the early 20's and taught school for several terms in the Hondo High School. His wife was Miss Valentina Gilliam, only daughter of Mr. and Mrs. C. W. Gilliam. Since leaving Hondo he entered aviation and had been quite a successful flier.

The remains were brought to Hondo and buried in Oakwood cemetery Sunday afternoon, the services being conducted under auspices of the Methodist church.

This paper joins in sympathy for all who mourn, and especially the bereaved wife and fatherless children.

### TO OUR SUBSCRIBERS.

We seldom bother our subscribers about paying up, knowing most of you will do the square thing, but with the slump in advertising patronage and increased mailing expense, there was never a time when the price of your subscription would be of more help to us than right now. We are forced to economize in every way possible, but we shall try to give all the local news and hope that the reduced size of the paper will be for a short time only. In the meantime, don't forget to remember that the aggregate of the small amount due us by each subscriber is what enables us to live and furnish you with the news.

Yours in appreciation,  
The Managing Editor.

Mr. T. McCall was a business caller at this office Saturday and presented us with a nice assortment of peaches from his own fruit trees, each peach from a different tree. The peaches were from seedling trees and prove that choice fruit can be grown here with a little care. The fruit, with a little Hondo Jersey cream and Battle Creek breakfast cereal made the M. E. a delicious Sunday morning breakfast.

### BAPTIST NEWS NOTES.

The hot weather is passing and health conditions should improve. These together should encourage church attendance. In a word, there is nothing more ennobling, refining and satisfying than the reverent worship of our Maker. Worship at the Baptist church will take place at the usual hours on next Sunday. The Bible school will be held at 10 o'clock. Classes adapted to all ages, from the Beginners to the adult departments. How could you spend an hour to better advantage than to attend the Bible school. Better come. At 11 o'clock, the Pastor will speak on "Beauty". He promises a helpful discussion of this unusual subject. You are invited to hear it.

The Baptists hereby extend to the entire faculty of our city schools, a most cordial and sincere welcome back to our ranks. Our teachers, hitherto, have proven themselves to be an inspiration and strength to the entire Community, in the exemplification of all worthy ideals. May this year prove to be a happy and very useful one to them—each and all is our wish and hope. They have not failed to be strengthened and encouraged the work of the churches, to which they are most sincerely invited, this school year. The pastor of the Baptist church hereby extends his hearty thanks to our fine Methodist friends, led by the Pastor, for their kind, generous spirit of co-operation in our "exchange" service during the month of August. May the wisdom and grace of our common Father in Heaven, attend them in all things for the promotion of eternal truth, and the salvation of the lost for whom Christ died. I shall still covet their prayers, their sincere brotherly love.

The night services at the Baptist church are resumed, regularly. Let us all make a serious business of our religious life and programs. The claims of Christ our Lord, are serious, urgent. Every man needs His comfort and His pardoning love. Seek ye the Lord, while he may be found; call ye upon Him while he is near. Let the wicked forsake his way, and the unrighteous man his thought, and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon.

### LOOK OUT FOR MAD DOGS.

Considerable excitement was caused here Thursday of last week by a dog running amuck and biting a number of other dogs about town. The animal belonged to Mr. George H. Bendele and on the advice of physicians it was confined and on Sunday it died.

Its head was dispatched at once to the Pasteur Institute at Austin and the following telegram has since been received:

Austin, Texas,  
1:28 P. M., 9-9-32.

Dr. W. H. Smith,  
Hondo, Texas.

Positive evidence of rabies; treatment necessary if inoculated.

Dr. S. W. Bohls.

Dr. Bohls is head of the Institute at Austin and is an authority on rabies. Dogs known to have been bitten should be either vaccinated or chained up and all owners of dogs should be careful with the animals until all danger from infection is known to have passed.

### ST. PAUL'S LUTHERAN CHURCH.

Bruce Barton, the well known writer says: "A real estate man once sold me a house. He took me thru it from cellar to attic and then put me into his automobile and rode me around. He showed me the schools, the police station and the fire station. Finally he pointed out the church. These were his arguments why the town was a good town to live in. It had pleasant surroundings; it had a good school; it had police and fire protection; and it had a church. These assets make property valuable; they made my investment secure. I thought about it quite a little—in fact it seemed to trouble me. I contributed my share to the maintenance of the school, and the park, and the fire and police departments. The tax collector took care of that. But for several months I contributed nothing to the church. And I grew ashamed."

I said to myself: "You're sending your youngsters to Sunday School. Your property is a better investment because the church is here, representing as it does, respect for law, and decency and faith. If death or trouble comes to your home you will not hesitate to call on the preacher and he will not refuse to come. You take all these benefits—and yet you are contributing nothing."

So I grew ashamed of taking so much and giving nothing at all—of standing in the church's breadline. I imagine a good many other men would feel that way if they were to think the thing through. For I know communities where people who call themselves the best people are really getting something for nothing at the expense of the church. Some of them are rich people, even millionaires. Millionaires to whom much has been given, standing in the breadline."

We shall have regular German services next Sunday, Sept. 11, beginning at the usual hour, 10:30. The Rev. K. Kenzack of Castroville will be the speaker. Come and bring your friends with you.

The Sunday School hour will begin at 9:15. The Bible Classes will meet at the same time. There will be no night service. On the following Sunday the local pastor is expected to fill the pulpit at the usual hour for English service, 10:30.

### QUIHI NOTES.

"These all wait upon thee; that thou mayest give them their meat in due season. What thou givest them they gather; thou openest thine hand, they are filled with good." Psalm 104: 27, 28.

Our Lord's breadline is the longest. What a variety of boarders, what a variety of menu or bill of fare! How many eat with acknowledgement and appreciation? How many forget, or eat with a disgruntled heart? And, what means more, how many are "filled" to satisfaction and satiety? Or merely have one meal whet the appetite for the next, looking forward not for meat in due season, for maintenance and livelihood; but for the hoarding of fortunes and opulence. The Lord's promise goes toward the meat in due season, and is valid, wherever man is willing to abide by it and couple it with faithful labor and careful management. It makes satisfied and grateful hearts. The hoarding tendency creates but a craving for more, and, carried to extremes, brings about those tragic upheavals in our economic structure one of which is clutching our universe at present.

We have moved to the rain-belt. The parish was water-bound or mud-bound last Sunday. A brief devotional service was held for the few that braved the liquid roads.

We bring the announcements for the coming Sunday, the 11th September: Services in the English language at Quilhi at 10 A. M. Services in the German language at New Fountain at 2 P. M. Evening services again at Quilhi in English at 8 P. M. You are cordially invited for these services for your own benefit.

The special meeting of the Luther League had to be postponed until next Sunday evening after services. Try to be present and express your opinion then and there.

We make the preliminary announcement for the Luther League Program to be given on Sunday, September 18th. For details see next issue of the paper. Arrange your private program so that you can be with us for an occasion worth while.

The various colleges are opening their portals. The city school has its first day today (Sept. 5th) with a few stragglers this side of the creek (with a happy heart?). "The little red (or whatever color) schoolhouse" in the rural districts comes to its romantic prominence again. We invoke the Lord's blessing upon the young aspirants in their mental and moral efforts; and for the teachers with their heavy load of responsibility. There the future of our nation is made. There lofty goals and high ideals are inculcated into young hearts. May these, let us hope so, reach as high as heaven.

### EVERYBODY HAPPY.

"We have just read with quite a bit of amusement the Hondo Anvil Herald's very lengthy editorial in reply to our recently published editorial, anent the Hon. Fred W. Davis' reasons for supporting the Fergusons. It is indeed laughable when you read a fellow's reply to an article when he only has ridicule and sarcasm to throw at the opponent, which was all our good friend could do in this instance. And too, he used the entire editorial page of his paper—that GREAT Hondo Anvil Herald, replying to an insignificant little country sheet. We forgive you, Brother Davis. The election is over and anything we might now say will not change the results—so, 'nuf sed.—The Medina Light.

Mighty glad our "lengthy editorial" afforded you amusement. Honestly we was afeard hit mouten! As for your "forgiveness", just keep the change.

Mr. John Traggesser, proprietor of Castroville's Electric Park and Dance Pavilion, was a business visitor to Hondo yesterday. His announcements are a regular feature of this paper.

Acting on the initiative of the Hondo Luncheon Club, a committee from that organization has made tentative purchase of a new site for a public dumping ground for the town. It is imperative that the dump ground near the cemetery be abandoned and the only means for securing a new location is through voluntary donations by citizens of the town. So when you are approached by a committee for that purpose be ready to do your part.

**TO OUR SUBSCRIBERS.**  
In addition to increasing our postal rates on mailing our papers about 25 per cent, the Hoover scheme for relieving the depression compels the post office to charge us two cents for every notice of change in address it delivers to us. You can send us a notice on a 1c card and not notice it, but a 2c charge on us will soon aggregate a burdensome sum to us, so we beg of you to not leave it to the post office to notify us of change of address but do so yourself as soon as a change is made. Postmasters are asked to send no notice until several undelivered papers are accumulated and then only one. Thanking you in advance, we are,  
Yours truly,

**DEVINE NEWSLETS**  
From The Devine News.  
A young man, born and reared in this county, and a candidate for office, paid the county the compliment this week of saying: "There has never been a financial political scandal in Medina County; no office holder ever charged with dishonesty in handling county funds." In view of the fact that all kinds of defalcations, shortages, and embezzlements, have occurred in neighboring counties, this does speak well for Medina.

Herbert Decker of Hondo, candidate for county clerk, spent a day in Devine meeting our people; and while here made The News a call.

**NEW FOUNTAIN EPWORTH LEAGUE.**

Since my last report three monthly business meetings were held at the homes of Clarence Schweers, George Wiemers and Benj. Wiemers, which were enjoyed by all who attended. The next business meeting will be held at the home of D. W. Wiemers.

Thursday, Aug. 25, was a great day for the New Fountain Epworth Leaguers, when we all went to Concan on a picnic. Thirty-two young people got on a truck and left early in the morning, got there at nine and all were ready for a good time. Different games were played; also went swimming. A big dinner and supper consisting of fried chicken, salads, bread cookies, iced tea and fruit, were served and enjoyed by all. While on the way we all joined in singing songs and the time passed by so quickly that soon we were back in New Fountain again, and everyone departed for their homes, happy and all having enjoyed the day very much together. Those who went on the picnic are as follows: Rev. and Mrs. E. W. Dechert, Mr. and Mrs. Fritz Bohmfalk, Mr. and Mrs. Ervin Bohmfalk and baby, Mr. and Mrs. Henry Lindeburg, Lillie, Nellie and Irene Muennink, Erna, Luella and Minnie Wiemers, Erna and Esther Schweers, and Mildred Lehmberg and Grace Mauney from San Antonio, Edwin, Marvin, Wilkes, Clifton and Reuben Wiemers, Marvin and Walter Schweers, Clifford and Emmitt Stiegler, Henry Bohlen, Wilbur Dechert, Herbert Hardt, and Ervin Heyer.

Sunday, Aug. 28, was also a great day in New Fountain. The Uvalde Blue Bonnet Union met here. 75 Leaguers from the different chapters were present, besides all our Leaguers, parents, neighbors and friends were here to enjoy the day.

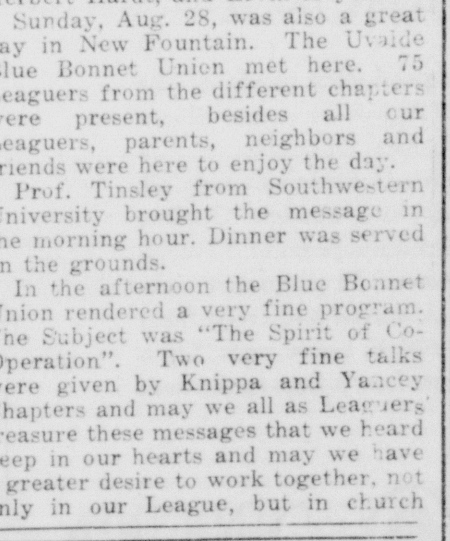

Prof. Tinsley from Southwestern University brought the message in the morning hour. Dinner was served on the grounds.

In the afternoon the Blue Bonnet Union rendered a very fine program. The Subject was "The Spirit of Co-Operation". Two very fine talks were given by Knippa and Yancey Chapters and may we all as Leaguers treasure these messages that we heard deep in our hearts and may we have a greater desire to work together, not only in our League, but in church

THE woman who gives her organs the right stimulant need not worry about growing old. Her system doesn't stagnate; her face doesn't age. She has the health and "pep" that come from a lively liver and strong, active bowels. When you're sluggish and the system needs help, don't take a lot of "patent medicines." There's a famous doctor's prescription for just such cases, and every druggist keeps this standard preparation. It is made from fresh laxative herbs, active senna, and pure pepsin. Just ask for Dr. Caldwell's syrup pepsin. Take a little every day or so, until every organ in your body feels the big improvement. The next time you have a bilious headache, or feel all bound-up, take this delicious syrup instead of the

Miss Corinne Mangold has returned from a trip to San Antonio.

Roy Rihn has returned to St. John's Seminary to continue his studies, after spending his vacation with his parents, Com. and Mrs. Robert Rihn.

In a review of The Local Artists' Exhibit, which includes the works of artists living within fifty miles of San Antonio, on exhibit at the Witte Museum for the month of September, Jess Carroll, correspondent for The Light, writes:—"Another outstanding entry is a striking oil of the old church at Castroville by Max Zachoven, who lives in its shadow. This picture won first prize at the Cleveland Show." A reproduction of the painting appeared in Friday's issue of The Light.

Mrs. H. T. Lawler, Mrs. L. A. Pierpont and Miss Ruth Lawler were in San Antonio Thursday.

Mr. and Mrs. Richard Fillman of El Paso were visiting Mr. and Mrs. Joe Schott and family last week.

Mr. and Mrs. Joe Schott were the guests of Mr. and Mrs. Leo Rihn of San Antonio for Labor Day.

The Castroville Blue Jackets journeyed to Biry Sunday to play off the last game of a three game series, and won by a score of 4 to 2. The lead of two runs was due to the quick thinking of the manager, Julius Jungman, according to the Blue Jackets. The star player was Hilmer Mangold, who made one homer, two doubles, and one triple. Batteries for Biry, "Tommy", and Biediger; for Castroville, Noonan and Moehring. Sunday the Blue Jackets will meet the Riomedina Tigers on the diamond at Castroville.

## Headaches

### Here's Smiling Relief...

Most of your suffering from common every-day aches and pains is unnecessary and unwise. Unnecessary, because Dr. Miles' Anti-Pain Pills relieve quickly and without unpleasant after effects; unwise, because pain makes your physical condition worse instead of better. One pill usually brings relief in a few minutes.

If you suffer from any of the disorders listed above, take Dr. Miles' Anti-Pain Pills. If they do not give you greater relief in less time than anything else you have used, go to your druggist and get your money back.

A package of Dr. Miles' Anti-Pain Pills in your medicine cabinet, pocket, or hand-bag means fewer aches and pains.

### SOUTH TEXAS FARM NEWS.

Many interesting arguments between 25 of the best sorgho sirup makers of Medina, Uvalde and Frio counties, as to the fine points in sirup making, were referred by C. F. Walton, Chemist, Bureau of Chemistry and Soils, U. S. Department of Agriculture, in a meeting at the mill of John Weimers, Hondo. Mr. Walton led the discussions which included varieties of sorgho cane, soils, fertilizers, culture, equipment, evaporating, canning, prevention of crystallization, and taste preferences.

"The term 'Sorghum Molasses' often applied to sorgho sirups does not properly describe the product and should not be used", advised Mr. Walton. "Molasses is a by-product of sugar making. Sorgho sirup contains all of the plant's sugars. In the United States the manufacture of sorgho sirup equals the amount of sugar cane sirup, there being an annual production of about 20 million gallons each.

"Sorgho is more widely grown than sugar cane, or sugar beets,—gives large returns to the acre, is easy to cultivate, and contains enough sugars to afford big yields of sirup, usually at a satisfactory profit. Its manufacture, a comparatively simple process, does not require expensive ap-

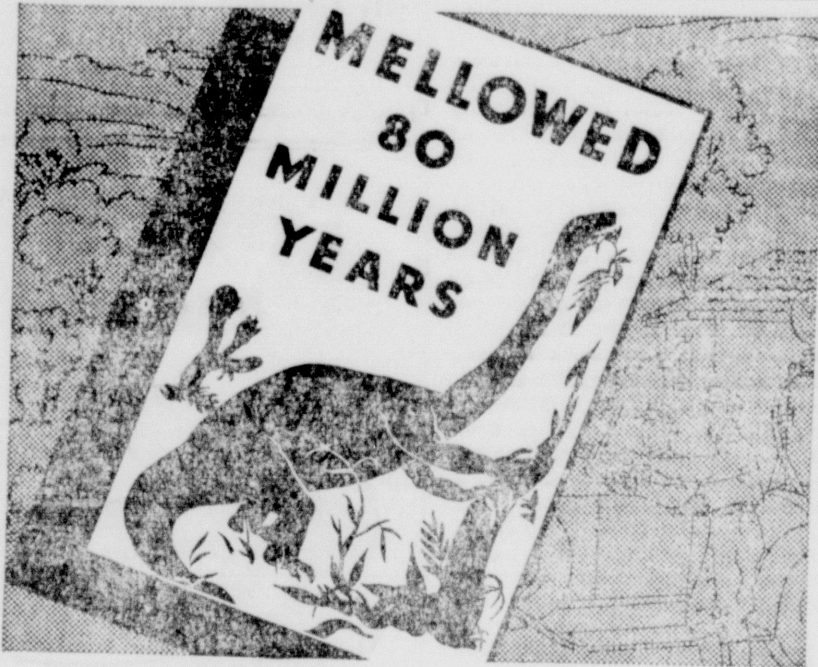

paratus. The greatest cleanliness and care are necessary to produce sirup of a fine quality."

The farmers were urged to offer their surplus sirup to the public in smaller containers attractively labeled. Also the public should be taught to discriminate between good and bad sirup. Standard grades need to be formulated. The county agents were advised to assist in the choosing of the best varieties and the production of pure seed.

"The art and skill necessary in making the finest sirup requires considerable experience. Judging from the mills I have visited in Medina county in two days, your farmers have become highly proficient and are making a quality of sirup worthy of a 'good market', was Mr. Walton's final comment.—C. M. Merritt.

### NO TAX SANTA CLAUS.

Uncle Sam, tax collector, is the very reverse of Santa Claus, for whom some deluded people have mistaken him, says the Oregonian. He does not spread bounty; he collects with relentless hand from all of us, from the cradle to the grave. When we ask Congress for money, we might as well realize that it will be taken from our own pockets.—Industrial News Review.

## While 30-ton monsters lumbered over OKLAHOMA

Deep in Oklahoma lie the producing sands of the Cambrian and Ordovician Ages—in some places more than a mile below the surface. Out of these sands Sinclair takes the rich Cambro-Ordovician crude oil which it refines and blends into Sinclair Opaline Motor Oil—a product of 80 million years of Nature's mellowing and filtering treatment. In process of manufacture Sinclair Opaline is de-waxed and freed from petroleum jelly at as low as 60° F. below zero. Try a crankcaseful of Opaline—note how it lasts in the heat of hard driving.

### BOYS AND GIRLS.

You Can Now Get A Business Education.

The recent advance in the prices of most all farm products means millions of dollars to the people of Texas. It not only means that the money will be available to pay for a business course but that good positions will be awaiting those that are shrewd enough to get into Byrne College now and prepare themselves.

In addition to the millions of dollars mentioned above, we must take into consideration the millions that are being loaned in Texas at a very low rate of interest through the various divisions of the Reconstruction Finance Corporation. During the past few days, many Texas banks, insurance companies, mortgage loan companies, federal land banks, agricultural credit corporations, livestock credit corporations and municipalities have received liberal sums from this source. Municipalities are able to secure funds from this source to extend their water and sewerage systems, electric and gas plants, giving employment to the unemployed and bringing in large sums of money to the benefit of the entire citizenship of the towns and cities that will take advantage of this three per cent government money.

Young people can rest assured that the worst of the financial depression is over and now is the time for them to set and act quickly in getting their business training, for business men who have been running short of help for months are going to put on the best trained help they can get to meet the increase in business.

Our College is so sure of what it can do and has been doing in the past in the way of qualifying young people for good positions and what it can do in placing those who will enter in the next few weeks that it has adopted a most liberal credit plan to help those who are not in position to pay cash for their scholarship. We have also arranged for an extensive placement service for boys and girls who wish spare time work to earn their board and room.

## How Old?

He doesn't look a day over fifty. And feels like forty.

At the age of 62.

That's the happy state of health and pep a man enjoys when he gives his vital organs a little stimulant!

When your system is stagnant and you feel sluggish, headachy, half-alive—don't waste money on "tonics" or "regulators" or similar patent medicines. Stimulate the liver and bowels. Use a famous physician's prescription every drug store keeps. Just ask them for Dr. Caldwell's syrup pepsin.

This appetizing syrup is made from fresh laxative herbs, active senna, and pure pepsin. One dose will clear up almost any case of headache, biliousness, constipation.

But if you want to keep in fine shape, feel fit the year 'round, take a spoonful of Dr. Caldwell's syrup at pepsin every few days. You'll eat better, sleep better and feel better. You will never need another laxative.

Give the children a little of this delicious syrup two or three times a week. A gentle, natural stimulant that makes them eat and keeps the bowels from clogging. And saves them from so many sick spells and colds.

Have a sound stomach, active liver and strong bowel muscles that expel every bit of waste and poison every day! Just keep a bottle of Dr. Caldwell's syrup pepsin on hand; take a stimulating spoonful every now and then. See if you don't feel new vigor in every day.
